The spreadsheet is one way for students to follow a direct instrument or the powerpoint over the colors in franc. It also has a follow -up activity in which students can practice a substantive/adjective agreement and revise female color forms. It can be easily adapted to Spanish. Created by Merci Madame. ) Page 2General Identify errors and attribution of reading in Spanish! By \* includes PDF and Word document \* The reading task that causes students to identify and correct errors in a reading pass about a teenager named Miguel and his future, his Fam  lia, etc. Students identify errors and then translate the phrase to English to show their understanding. Errors include: - Spelling - basic phrases - verbal conjugates in indicative, future, subjunctive - nouns - prepositions for a general homelessness or general home! Students practice and agree with numerical adjectives used descriptive adjectives for people and different ways of the verb being. The phrases contain 2 to 3 adjectives each. Examples of nouns used       ught in the phrases are mother, boyfriend, girls and teachers. Also there are also adjectives in English to translate into Spanish. Oser with adjective contract, this is a spreadsheet, substitute spreadsheet, homework or guided home! However, you decide to use it, you must get this !! The student must decide whether to "be" must be combined for the subject and if the adjective agrees or not in the noun. You must have knowledge of definite and indefinite articles, so that the phrases make sense.
